

AMS Update: April 20, 2017

Current issues:

1. Soil P and use of APLE model
 - a. Small group had call with model developer Tuesday
 - b. Upcoming call with full AMS
2. VA proposal for alternate source of animal numbers
 - a. VA rep concerned that state-wide NASS numbers poor representation of numbers in Bay Watershed.
 - b. Proposal to utilize permit numbers presented – no decision (lack of quorum)
 - c. Second proposal that seeks industry input is being developed
3. SB Ver. 6 input data available for review (see Lindsey Gordon's email from Wednesday).
