

**Frank Schneider**

Director, Nutrient & Odor Management Programs  
State Conservation Commission

Frank Schneider works for the PA State Conservation Commission as the Director of Nutrient and Odor Management Programs. In this position, he provides technical, administrative and programmatic guidance to program participants, conservation district staff and boards, the press, ag industry representatives and the general public. Frank oversees program policy and regulation development and future program direction, as well as, assists with the legal issues related to the program and activities involving the Environmental Hearing Board.

Previous to this position, Frank worked for the Pennsylvanian Department of Environmental Protection as a water program specialist and the Dauphin County Conservation District.

Frank grew up in central PA and graduated from the Penn State University with a Bachelor's of Science degree in Dairy and Animal Science.
