CBPO Location: Conference Room 305

*If you are joining by webinar, please open the webinar first, then dial in.

AGENDA

1:30 Welcome, Introductions & Announcements – (Co-Chair Mark Bennett, USGS and Co-Chair Erik Meyers, The Conservation Fund)

- Update on Bay Barometer release
- Update on the status of the Workplan and Logic table

1:45 Feedback on BMP Research List – Mark Bennet (USGS)
The workgroup along with the WQGIT presented a proposed process to the Management Board for the BMP research list on April 11th.

2:15 STAC-Sponsored Science Synthesis Project RFP – Jennifer Dopkowski (NOAA)
The Fish GIT asked if the workgroup is interested in working with them on a potential proposal. Proposals are due May 10th, and the workgroup may request up to \$125K. The project ideas are as follows:

- Impacts of climate change (increased precipitation, temperature increase, SLR, and OA) on oyster restoration, aquaculture and fishery
- Climate impacts on estuarine dependent fish and shellfish species spawning and/or nursery habitat (striped bass, herring, shad, Black Sea bass, blue crab)
- Impact on estuarine dynamics and resulting changes in hypoxia conditions (extent, timing, severity)

2:45 Environmental Justice Screen Chesapeake- Tuana Phillips (EPA) & Francesca King (CRC)
EJ Screen Chesapeake is a modified version of the national EJ Screen tool that integrates Chesapeake Bay Program Partnership data resources. It was originally developed as a pilot effort to demonstrate how data important to multiple

Outcomes of the Chesapeake Bay Watershed Agreement could be used alongside national environmental justice information to inform decisions throughout the Chesapeake Bay Watershed.

3:15 Finalized topic for May in Person Meeting

Next Meeting Dates: May 20th (In Person Meeting)
