This meeting will be recorded for internal use to assure the accuracy of meeting notes.

AGENDA

10:00 – 10:20 Welcome – Vanessa Van Note (EPA) and Breck Sullivan (USGS)

Announcements –

- Conferences of potential interest
 - [Atlantic Estuarine Research Society \(AERS\): "Community and collaboration: the importance of shared research in a post-covid world"](#) – October 13-15, 2022, Washington College, Chestertown, Maryland. [Abstracts can be submitted here](#) (no due date provided) and [registration can be completed here](#) (no due date provided).
 - [11th U.S. Symposium on Harmful Algae](#) – October 23-28, 2022, Albany, NY. [Abstracts/posters were due July 15](#) and [registration closes September 16](#).
 - [Chesapeake Watershed Forum](#) – November 4-6, 2022, Shepherdstown, WV. [Registration closed September 23, 2022](#).
 - [A Community on Ecosystem Services](#) – December 12-15, 2022, Washington, DC. [Abstracts](#) were due July 15, 2022.
 - [National Water Quality Monitoring Council's 13th National Monitoring Conference](#) – April 24-28, 2023. Location TBD. [Session proposals](#) were due June 24, 2022.
 - [CERF 2023 Conference: Resilience & Recovery](#) – November 12-16, 2023, Portland, Oregon. [Session and workshop proposals](#) due September 19, 2022. [Abstracts](#) due May 10, 2023.
- Update on cluster analysis work and results for five tributaries (Potomac, James, York, Rappahannock, Patuxent) – Elgin Perry
- Update on cluster analysis tool funding via TetraTech – Breck Sullivan
- Share if you submitted a session proposal for CERF – Everyone

10:20 – 10:40 Data Dashboard Text for Tributary Summaries – Breck Sullivan and Vanessa Van Note

Breck and Vanessa will provide an overview of a new platform to showcase the Tributary Summaries – CBP Watershed Data Dashboard. They will preview the language they drafted for the Tributary Summary section of the data dashboard. ITAT members will be asked to weigh in with their feedback on the proposed language.

10:40 – 11:00 WQSAM Outcome Update – Breck Sullivan

Breck will provide an overview of some of the takeaways from the Water Quality Standards Attainment and Monitoring Outcome discussion with the Management Board during the Strategy Review System (SRS) process. Breck will outline the role ITAT's products will play in supporting progress for the WQSAM outcome and utilization of monitoring data in the 2025 Watershed Implementation Plan (WIP) Outcome going forward.

11:00 – 11:30 Tributary Summary Timeline Thoughts – Breck Sullivan and Vanessa Van Note

Breck and Vanessa will provide feedback from different groups on the products developed from the work of the Tributary Summaries. To distribute data more easily and quickly, they will propose new products that may be updated annually for all tributaries in addition to the reports which may be updated every few years.

ITAT members will be asked to consider if the new timeline is an appropriate next step for ITAT and which tributaries should be prioritized when updating.

11:30 Adjourn

Next Meeting: Wednesday, October 26, 2022
