

AGENDA
December 3-4, 2015
George Washington Hotel
103 E. Piccadilly Street, Winchester, VA

December 3, 2015 – Garden Room

Meeting materials and handouts can be found by clicking on the links within this agenda or under the Meetings tab at http://www.chesapeakebay.net/groups/group/local_government_advisory_committee.

11:00 a.m. Call to Order/Introductions (Supervisor Burns, Chair)

11:15 a.m. Winchester, VA – A Chesapeake Bay Watershed Community

Presenters: The Honorable Elizabeth Minor, Mayor
 The Honorable John A. Willingham, Council President
 Kelly B. Henshaw, P.E., City Engineer

11:45 p.m. Working Lunch – Lord Fairfax Room - Member Updates and Group Discussion

Purpose: LGAC members will share news from their respective regions, raise issues of concern/interest related to local watershed protection and restoration initiatives, and identify priorities for future meeting agendas.

12:45 p.m. Midpoint Assessment (MPA) and Phase III Watershed Implementation Plans

Presenters:

Lucinda Power, Coordinator, Water Quality Goal Implementation Team

Topic: Midpoint Assessment and Phase III WIP Overview

Frank Dukes, Institute for Environmental Negotiation,

*Topic: Chesapeake Bay Program Phase III Watershed Implementation Plans
Chesapeake Bay Stakeholder Assessment*

Purpose: *Through a series of presentations and discussion, members will gain a better understanding of the 2017 midpoint assessment (MPA) and Phase III Watershed Implementation Plan (Phase III WIP), and provide feedback which will help inform EPA's expectations for jurisdiction's development of Phase III WIPs, specifically as it relates to the need to more fully engage local partners.*

Action Requested: *Provide feedback on Action Plan*

2:30 p.m. Break

2:45 p.m. Offsets and Growth Tracking System – Forestland Retention Study

Presenter:

**Gregory Evans, Mitigation Program Manager/Chesapeake Bay Program Lead, VA
Department of Forestry**

Purpose: *Learn about a regional demonstration of how alternative development methods that increase high value forestland retention can help reduce the offset requirements of development, which will in turn reduce BMP treatment costs needed to comply with Virginia's nutrient neutral stormwater regulations, while maximizing the ecosystem services provided by forests. This is a CBP funded project which will help inform the Healthy Watersheds, Land Use Metrics and*

Methods, and Land Use Options Evaluation Outcomes. LGAC members can help inform the evaluation by providing feedback on what incentives local governments find to be most valuable.
