

Suzanne Trevena bio
Nominee for WQGIT Chair, 2024-2025 term

Suzanne Trevena is the Chesapeake Bay Regulatory Manager for the EPA Region 3 Water Division and has been in this role for the past 3 years. This position serves to coordinate across the EPA Water Division programs and how the work of the regulatory and non-regulatory water programs are supporting Chesapeake Bay restoration. She also facilitates the biennial EPA evaluations of WIP and two-year milestones progress and commitments. Suzanne has been with EPA for 21 years primarily within the Water Division programs with a focus on the Chesapeake Bay for the last 15 years. Suzanne was the chair for the Milestones Workgroups for several years and served as the EPA State WIP lead coordinating with PA and DE as they developed and implemented their WIPs and milestones. Suzanne served as the vice-chair of the WQGIT for over a year working in tandem with the former WQGIT chair Ed Dunne and is looking forward to continuing to lead the WQGIT to achieve the goals developed in the latest logic and action plan. Suzanne graduated from Salisbury University with a degree in Biology and from University of Maryland Eastern Shore with a degree in Environmental and Marine Science. Suzanne grew up in Maryland swimming in the Gunpowder River. When not working, Suzanne keeps busy with 3 elementary aged kids, one dog, and more cats than she cares to admit to having.
