

Chesapeake Bay Program
Science. Restoration. Partnership.

May 23rd PSC Recap:

Actions and Decisions

June 12, 2025

-
-
-
- **Indigenous Conservation Council (ICC) Resolution:** PSC Chair circulated the ICC response letter for comment. PSC agreed with the intent of the response and a decision will be requested on the final response letter at the June 27th PSC meeting.
 - **Approval of Agreement Vision, Preamble, and Principles:** PSC approved proposed revisions and agreed to move the revised version forward for public review.
 - **Approval of Management Board's Recommended Language for Outcomes:** PSC agreed to move the Outcome and Target language forward for public review. Recognition that more work is needed on refining the Outcome and Target language.

- **Approval of Changes to Agreement Goals and Management Strategies**

- Sections of the Agreement:**

- PSC agreed to move from 10 Goals to a four Goal framework. (No additional edits were received on the Goal framework.)
- PSC agreed to move the Management Strategies section of the Agreement forward for public review.

- **Update on Governance and Structure Work:** PSC agreed that GIT 6 should continue work on structure and governance, specifically, the geographic program review and documenting/implementing meeting best practices.

- **Feedback from the Advisory Committees:** PSC agreed to discuss foundational strategies during the revisions process for the Governance and Management Framework document.
-

Thank You!
