

This document contains information cleaning products that are both sustainable and approved by the EPA for use against COVID-19.

EPA has released a list (List N) of Registered Antimicrobial products for use against COVID-19 along with information on how to check products against registration numbers: <https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>.

Though pesticide products may not carry the Safer Choice label, EPA offers the [Design for the Environment \(DfE\) label for use on antimicrobial products](#), like disinfectants and sanitizers that qualify for the program with EPA's Office of Pesticide Programs (OPP). EPA applies the same criteria in the DfE program as it does for [Safer Choice product certification](#).

The program is aware of the following products on the market that are DfE certified and on [EPA's List N for use against Covid-19](#). Please note that EPA does not endorse a particular product. More information for each registration is available in the table below.

- [Lysol® Cleaner with Hydrogen Peroxide: Citrus Sparkle Zest](#) (EPA Reg No. 777-126; active hydrogen peroxide)
- [CleanCide](#) (EPA Reg No. 34810-35; active citric acid)
- [Contec Citric Acid Disinfectant](#) (EPA Reg No. 34810-35-71670; active citric acid)
- [Purell Products](#) (EPA Reg No. 84368-1-84150; active ethanol)
