- II. PAHs and coal-tar-based sealcoat** (1:10-1:40)
(Barbara Mahler, USGS)
Barbara will provide an overview of recent research, and members will be asked to comment on a summary of actions in the jurisdictions to ban coal-tar-sealants. Members will discuss other actions being taken to address PAH's in their jurisdictions.
- III. PCB Story Map** (1:40-2:10)
John Wolf, USGS
John will present the next version of the story map and will discuss the status of resolution of the issues from the last TCW demo.
- IV. Toxic Contaminant Reductions from Stormwater BMPs** (2:10-2:30)
Tom Schueler, CSN
Tom will review the results of the Chesapeake Stormwater Network's literature review on the potential for traditional stormwater BMPs to provide toxic contaminant reduction benefits. Next steps for TCW input and completion of the project will be determined.
- V. Workplan Next Steps** (2:30-3:20)
Greg Allen, EPA and Scott Phillips, USGS
Greg and Scott will review the next steps in the workplan development process, and provide a recap of projects for which the TCW is identified as a "responsible party". This discussion is intended to help identify roles and responsibilities moving forward.
- VI. Wrap-up and Next Steps** (3:20-3:30)
Greg Allen, EPA and Scott Phillips, USGS
