Input on whether important overall points are adequately addressed in the time available. Call for suggestions and additions to the presentation. Workgroup input and suggestions for additional requests to the Management Board.	2:10	<u>Documents:</u> <ul style="list-style-type: none"> <li>GIT 6 SRS resources (<a href="#">Link</a>)</li> <li>Policy and Prevention SRS Outline</li> <li>Research Outcome SRS Outline</li> </ul>
<b><u>Wrap up and Adjourn</u></b>	3:00	

### **Action Items from January 2018:**

ACTION: Greg Allen will follow up with Kelly Smalling on pesticides information from the MD Pesticides Network's pesticides classification work. **Still open**

ACTION: Michelle Williams will follow up with representatives from DC, PA and DE on updates to the Toxic Contaminants Research Workplan. **Done—Final updates to Research workplan available for review. DE is not listed as a responsible party for Research workplan items.**

ACTION: Status updates to the Toxic Contaminants Policy and Prevention Workplan will be incorporated into the Status document for the Policy and Prevention workplan. These updates will inform the workgroup's Strategy Review System presentation to the Management Board and subsequent revisions to the Toxic Contaminants Policy and Prevention management strategy and 2018-2019 workplan. **Done --updated workplan available for review.**

**Action Items from February 2018:**

ACTION: Michelle Williams will request jurisdictional updates via email on existing PCB TMDLs, planned PCB TMDLs, and PCB impairment coverage in the Bay Watershed since 2015 in order to update the existing 2015 PCB TMDL story map. **Jurisdictional updates received from MD, DE, PA. Updates not received from NY, WV, DC—PCB impairment**

ACTION: CBP staff and TCW members will work to have drafts for TCW review and discussion of draft final materials in April for the May 10 Management Board SRS progress presentation. More detailed discussion and review will be done by the workgroup at the March conference call to outline the draft presentation. **Draft materials and discussion of SRS process and presentation will be covered at April TCW conference call.**

**Action Items from March 2018:**

ACTION: Follow up to determine if manure injection is an approved BMP in the Watershed Model/CAST. **Done. Manure injection is an approved BMP.**

Next Conference Call: Wednesday, May 9, 2018
