- 10:00 AM- **Introductions and Welcome** Gleason
- 10:05 AM- **TOWG Workplan Review** Branosky
- Evan will present the updated workplan based on members' feedback.
- 10:10 AM- **EPA Process for Addressing Recommendations of State Reviews** Gleason
- Pat will explain the process in the coming year to address recommendations from the EPA review of trading programs.
- 10:30 AM- **New Development Stormwater Regulations and Offset Options in North Carolina** Gannon
- Rich Gannon (NC Department of Environment and Natural Resources, Division of Water Quality) will explain onsite treatment requirements for new development in North Carolina. He will also explain compliance options, including full onsite practices, offset purchases from private banks, or in-lieu payments to the state Ecosystem Enhancement Program.
- 11:15 AM- **Jurisdictional Updates** Jurisdiction Leads
- In its review of trading programs, EPA observed that several jurisdictions did not include an allocation for new, nonpoint source growth. It then asked jurisdictions to explain how they will accommodate that growth. How will your jurisdiction address the EPA observation relative to loads from post-construction stormwater?
