

## **Urban Stormwater Workgroup**

### **Teleconference**

**Tuesday, May 21, 2013**

**9:30 AM to 12:30 PM**

**Call-in Number:** 866-299-3188; **code:** 410-267-5731

**Adobe Connect:** <https://epa.connectsolutions.com/uswg/>

---

**9:30 Welcome, Introductions, and Review of 2/19 Meeting Minutes**  
Attachment A

N. Goulet, Chair

**9:40 Announcements**

- Approval of Stream Restoration Report by WQGIT
- Release of Bioretention Illustrated
- Archived Webcast on Bay Urban Nutrient Accounting Now Available
- Outcomes from 5th Annual Bay-wide Stormwater Retreat
- Update on DE stormwater regulations
- Other announcements

**9:50 Update on Current Expert Panels**

C. Lane, J. Hanson, N. Law, S. Drescher

Each panel facilitator will provide an update on the status of their work (erosion and sediment control, illicit discharge prevention, shoreline erosion control, filter strips/stream buffers).

**10:05 Action Item: Approval of Proposed Charge for Floating Wetland and Street**

**Sweeping/Bulk Sediment Panels and Recruitment of Experts** T. Schueler, CSN (Attach B and C)

Tom will present the draft charge for USWG consideration and solicit nominees to serve on the two panels that will be launched later this summer.

**10:25 Re-Prioritization of the Urban BMP Queue**

N. Goulet, Chair (Attach D)

It has been over a year since the work group last looked over the queue for urban BMPs to get expert panels. The states and the work group are asked to review the current list of BMPs and decide whether new ones should be added.

**10:45 Proposed Frequently-Asked Questions Documents for Approved BMPs** Schueler (Attach E)

The work group has gotten a lot of feedback from the user community about the critical need to have a companion document to the panel reports that provides clarification on who the state contacts are, outlines up to date requirements for reporting and tracking in NEIN and Scenario Builder, corrects errata, and provides any state-specific decisions/interpretations on how the reports are to be properly used. Tom will briefly present a template for a FAQ document, focusing on the retrofit and performance standards reports, and the process for getting CBPO input on it, and seek advice from work group on how to proceed in the next three months.

**11:15 Update on Land Use Work Group**

K. Berger (invited) co-chair LUWG

Update on efforts to characterize urban land use/ loading rates for CBWM version 6.

**11:45 Update on Urban BMP implementation Summary in State WIPs** J Sweeney or M. Johnston,  
CBPO

**12:15 Land use projections for 2014 Progress Run**

P. Claggett & Johnston

**12:30 Adjourn**

N. Goulet
