#### **11:40 Update on Other BMP Panels**

Law, Lane, Hanson, Drescher

Each panel facilitator will summarize the progress being made by the four panels (illicit discharge, ESC, shoreline erosion and stream buffer/filter strips).

#### **12:00 Lunch (On Your Own)**

**1:00 Action Item: Urban Land Uses and Loading in the CBWM** K. Berger and J. Tribo, Land Use Work Group (Attachments H and I)

Karl and Jenny will update the work group on the activities of the Land Use Work Group, and solicit feedback specific land uses/land cover/source areas that may warrant investigation in developing Phase 6 of CBWM (Attachment H). They will also be soliciting feedback and USWG approval to submit a proposal for a STAC research workshop on this topic (Attachment I).

**1:45 Discussion Item: Urban BMP Reporting Issues**

M. Johnston, UMD/CBPO (Attachment J)

Several partners have expressed confusion on how historic and new stormwater BMPs will be reported in the coming years for CBWM progress runs. Matt will present a flow chart that describes options for how states can report BMPs under old and new performance standards. Work group will be asked to identify any other problems relating to BMP reporting and to consider options for default values.

**2:30 Adjourn**
