

AGENDA
Wastewater Treatment Workgroup (WWTWG)
Teleconference
Tuesday, February 3, 2014, 10:00 AM – 12:00 PM
Conference Line: 866-299-3188, code: 267-5715
Adobe Connect: <https://epa.connectsolutions.com/wwtwg/>

10:00 AM **Welcome, Introductions, and Announcements**—*Tanya Spano (Chair)*

Action item: Approval of December WWTWG minutes.

10:10 AM **BMP Proposal** – *Steve McLaughlin, City of Virginia Beach and Ning Zhou, VT*

Steve and Ning will introduce and provide some background information on the Boat Pump-out Facilities in No Discharge Zones BMP that has been proposed by Virginia Beach. Several years ago, these loads were discussed, and the Bay Program decided not to track them due to a lack of information at the time. This new proposal allows the possibility of addressing boat pump-out facilities as a BMP instead.

Actions Requested: Workgroup will begin a discussion on this proposal and provide their feedback.

10:40 AM **Septic Data Sharing Project** – *Maureen Pepper, EPA*

Maureen will provide an update on the progress of the Septic Data Sharing Project.

10:55 AM **Historic Data Cleanup** – *Ning Zhou, VT*

Ning will review the timeline and process that has been outlined for the historic data cleanup effort for the phase VI model, and present the summary of the current data used for phase V model. Each jurisdiction will share their plans for this effort with the group.

Action Requested: Workgroup will discuss the details of this effort and come up with a plan and schedule to complete this task with a draft due by June 30 and final by Sept 30, 2015.

11:10 AM **Biosolids and Spray Irrigation Data** – *Ning Zhou, VT*

Sample data have been provided by several jurisdictions. The workgroup will develop a plan to complete the data collection by the same schedule prior to the phase VI model calibration

11:30 AM **Maryland Rapid Infiltration (RI) project** – *Greg Busch, MDE*

Feedback Requested: Should this be included in our wastewater load tracking? Do other states have this practice?

11:50 AM **Updates and other business**

- VA Septic BMP Proposal Update – *Ning Zhou*
 - We are in the process of convening a sub-panel of the previous onsite BMP expert panel.
- 2014 Progress Run – *Ning Zhou*
- Others?

12:00 PM **Adjourn**

Next conference call:
Tuesday, March 3, 2015
