10:00 AM      **Welcome, Introductions, and Announcements**—*Tanya Spano (Chair)*

**Action item:** Approval of February WWTWG minutes.

10:10 AM      **Maryland Rapid Infiltration (RI) project** – *Greg Busch, MDE*  
MDE will present a rapid infiltration (RI) project for a significant WWTP in MD and propose a methodology to estimate the nutrient loads from this practice.

**Feedback Requested:** Should this be included in our wastewater load tracking? Do other states have this practice?

10:30 AM      **Point Source Data Review Project** *Laura Free, EPA*

Laura will introduce a project that will document the current process for receiving and checking point source data that will be fed into the Bay Watershed Model. Laura will reach out to the jurisdictional representatives to glean their perspective, get feedback about the process, and hear about any challenges that the project might be able to address.

10:50 AM      **Historic Data Cleanup** – *Ning Zhou, VT*

Ning will review the framework draft that outlines the steps for completing the historic data cleanup effort in time for the phase VI model.

**Decision Requested:** Workgroup will be asked to approve a plan and schedule to complete this task with a draft due by June 30 and final by Sept 30, 2015.

11:30 AM      **Biosolids and Spray Irrigation Data** – *Ning Zhou, VT*

Ning will review the interim steps decided upon by the jurisdictions and their technical staffs to develop a complete biosolids and spray irrigation database in time for the phase VI model.
