- 10:00 AM **Welcome, Introductions, and Announcement** Spano
New WQGIT and WWTWG staffer: David Wood, CRC
Action item: Approval of June WWTWG minutes (Attachment A)
- 10:10 AM **American Manufacturing Drip System and Anua's Puraflo to a Pad** Aschenbach
Eric will describe two technologies being proposed for credit under the WQGIT-approved protocols for advanced on-site wastewater treatment systems: American Manufacturing Drip System and Anua's Puraflo to a Pad.

Action requested: Workgroup evaluation of the technologies against the OWTS report and determination whether they could be credited with the existing BMP efficiencies in the report or they should be recommended to the expert panel for consideration. Workgroup could postpone the decision until next call if more time or information is needed.
- 11:15 AM **WWTWG and STAC workshop recommendations** Spano, Zhou
Tanya and Ning will lead discussion on the workgroup's recommendations in response to the STAC OWTS workshop recommendations, which were updated following the June WWTWG (Attachment B).

Action requested: Final feedback and approval on the proposed WWTWG recommendations (Attachment B).
- 11:35 AM **Updates and other business**
 - Septic attenuation expert panel
 - WQGIT face-to-face in October
 - Revised WQGIT BMP Review Protocol
- 11:45 AM **Adjourned**
