Subject: Management Board Advance Review of Federal Agency Draft Water Quality Programmatic Milestones for 2016-2017
Attachments: 2015_10_30 2016_2017 Draft Federal WQ milestones for EPA v12 CLEAN.docx

Management Board Colleagues:

As Chair of the CBP Federal Office Directors (FOD), I am sending you this request to review the DRAFT Federal Agency Water Quality Programmatic milestones for 2016-2017 **by cob November 10, 2015**. We are providing you with an opportunity for an "advance" review of these draft milestones prior to the start of the public comment period in mid-November. The FOD will be briefing the Water Quality Goal Implementation Team (WQGIT) on their November 9, 2015 conference call and seeking their feedback on the milestones as well. (The WQGIT is cc'd on this email). During this advance review of the milestones, the FOD is requesting that you limit your comments to significant issues that you think need to be addressed prior to public review and comment. You will be given an opportunity to review the draft milestones again during the public comment period which will close in mid-December.

Please send your comments to me and Greg Allen (allen.greg@epa.gov) **by cob November 10, 2015** and contact one of us if you have any questions. Thank you....Jim

Jim Edward
Deputy Director
EPA Chesapeake Bay Program Office
