

CHESAPEAKE BAY PROGRAM WATER QUALITY GOAL IMPLEMENTATION TEAM
JANUARY 24TH, 2011 CONFERENCE CALL

Conference Call Phone Number: 866-299-3188 Conf Code: 5176284390

AGENDA

- 1:30 Welcome/Confirm Call Participants – Rich Batiuk
Rich will lead a discussion on the new/interim WQ Goal Implementation Team chair and vice-chair and proposed next steps.
- 1:45 Phase II WIP Schedule – Katherine Antos
Katherine will provide an overview of the preliminary schedule for the Phase II Watershed Implementation Plans that will be further discussed by the Principals' Staff Committee. Feedback from the WQGIT is requested.
- 2:15 Update on the Phase 5.3.2 Watershed Model – Gary Shenk
Gary will provide updates for rolling out the Phase 5.3.2 Watershed Model, running key scenarios, and developing major basin-jurisdiction allocation recommendations. He will also present the recent decisions of the Modeling, Agricultural, and Watershed Technical team and workgroups related to Scenario Builder and the Phase 5.3 Watershed Model updates for final concurrence by the WQGIT.
- 3:00 Update on the Review/Approval of Interim BMPs used in State Phase I WIPs –
Workgroup Chairs
The chairs/coordinators of the Stormwater, Agricultural, Watershed Technical and Wastewater workgroups will update the WQGIT on the current status and projected timeline of the review process to formally review and approve these BMPs for application in and crediting through the Chesapeake Bay Program partnership's models.
- 3:30 Results of the Updated Land Use Model and Projections – Peter Claggett
Peter will present the results of the previously discussed updates to the land use model that are being incorporated into the updated Phase 5.3 Watershed Model for final concurrence by the WQGIT. He will present the key findings and recommendations from the two recent and concurrent independent scientific peer reviews of the updated land use data conducted internally by USGS and sponsored by STAC via an independent panel. He will also discuss the new 2017 and 2025 land use and sewer/septic projections and the calibration land use (1984 - 2006) together with historic estimates of populations on sewer vs. septic.
- 4:30 Adjourn

Next Water Quality Team Conference Call: February 14, 2011 (1:30 - 4:30 PM)
