

**SUBMERSION
SERIES**

Technical Assistance and Capacity at the Local Level

Wednesday, January 31, 2024

Welcome to the webinar! We will begin shortly.

Welcome!

As we get underway...

If you don't hear me, please check your audio settings (are your speakers/headphones muted or turned down too low? ...We've all done it.)

Jeremy Hanson

Coordinator, Chesapeake Bay Program's
Water Quality Goal Implementation Team
Chesapeake Research Consortium

Ground rules and housekeeping

- Please type in your name and affiliation in the chat box so we can see where you all are joining us from and grow our networks.
- Please use the chat function throughout the webinar to ask questions for our speakers and interact with each other
- We also encourage you to use the Reactions feature of Zoom throughout, this keeps things light-hearted and positive, and affirms you're engaged
- While speakers are presenting:
 - Please stay muted with cameras off
 - Please use the chat feature to ask any questions or add any comments

Slides will be posted on Bay Program calendar page for today
The recording will be available on YouTube (@SubmersionSeries)

Ground rules and housekeeping

- Clarifying questions may be addressed after each presentation.
- Questions for discussion will be addressed at the end of the session.
- Following presentations, we welcome discussion from all attendees. You may continue to use the chat feature to submit questions.
- For technological questions or problems, please contact Jackie Pickford pickford.jacqueline@epa.gov

Slides will be posted on Bay Program calendar page for today
The recording will be available on YouTube (@SubmersionSeries)

Why are we here?

This is not an average WQGIT meeting

**WQGIT = Water Quality Goal Implementation Team
of the Chesapeake Bay Program**

**SUBMERSION
SERIES**

“The Chesapeake Bay Program partners envision an environmentally and economically sustainable Chesapeake Bay watershed with clean water, abundant life, conserved lands and access to the water, a vibrant cultural heritage and a diversity of engaged stakeholders.”

2014 Watershed Agreement’s Vision Statement

Acknowledgements

This webinar has been a multi-partner team effort. Thank you to...

Our wonderful core planning team who made this happen

Erin, Ruth, Jackie

WQGIT Leadership team

Suzanne, Bryant, Jackie, Sushanth and me

And of course, our speakers who worked to bring us quality content and discussion

Jennifer, KC, Katie and Beth

And thank you again for joining live or via the recording
