

BIENNIAL STRATEGY REVIEW SYSTEM

Chesapeake Bay Program

Logic and Action Plan: Post Quarterly Progress Meeting

Diversity – 2018-2019

[NOTE: make sure to edit **pre-** or **post-** in the text above, to tell the reader whether this logic and action plan is in preparation for your quarterly progress meeting or has been updated based on discussion at the quarterly progress meeting.]

Long-term Target: Increase the number and the diversity of local citizen stewards and local governments that actively support and carry out the conservation and restoration activities that achieve healthy local streams, rivers and a vibrant Chesapeake Bay.

Two-year Target: 2016-2017

Instructions: Before your quarterly progress meeting, provide the status of individual actions in the table below using this color key.
Action has been completed or is moving forward as planned.
Action has encountered minor obstacles.
Action has not been taken or has encountered a serious barrier.

Additional instructions for completing or updating your logic and action plan can be found on [ChesapeakeDecisions](#).

Factor	Current Efforts	Gap	Actions	Metrics	Expected Response and Application	Learn/Adapt
What is impacting our ability to achieve our outcome?	What current efforts are addressing this factor?	What further efforts or information are needed to fully address this factor?	What actions are essential (to help fill this gap) to achieve our outcome?	What will we measure or observe to determine progress in filling identified gap?	How and when do we expect these actions to address the identified gap? How might that affect our work going forward?	What did we learn from taking this action? How will this lesson impact our work?

Successfully Targeting Communications and Outreach Efforts	No existing PROGRAMS, however we have Co-collaboration with existing environmental groups that have targeted communities the CBPO has not engaged with in the past. These include: Southeast CARE Coalition, Greater Baltimore Wilderness Coalition, Audubon Naturalist Society, Coppin State University, Morgan State University, Virginia State University, and Bowie State University.	Create a communications strategy that is easily able to measure progress and identify community leaders and stakeholders that will create the bridge for our workgroup and CBPO.	1.1 Identify key trusted leaders and interests of underrepresented communities (include HBCU's, colleges and universities, Urban League, NAACP, fraternities, sororities, disability group, religious, GLBT, etc).	Currently the Diversity Workgroup is measuring progress by the number of email addresses the Diversity Workgroup receives from sign-up sheets at the said events, however the measurement of effectiveness of adding them to an email list is limited.	As a result of successfully targeting communications and outreach efforts, the Diversity Workgroup expects to see an increased presence of diverse communities involved in more CBP decision-making processes. This will begin the process of engaging more community leaders and these community leaders participating in other outcome workgroups. Creating awareness among communities that were once not engaged will be one form of a catalyst for engagement.	The Diversity Workgroup needs to create a communications and outreach strategy separate from the CBPO Communications office overall strategy. While our goals align, the other outcome workgroups are targeting different levels of engagement. After multiple mentions from various stakeholders, it is important that we remove the term "minority" from all Bay Program materials. It is seen as derogatory to those same underrepresented communities we wish to include in the CBP.
			1.4 Assist the development of Tree Canopy communication and outreach strategies targeted to diverse audiences, focusing on areas with greatest need and opportunity (e.g. low canopy/underserved communities; schools, faith-based, and other civic organizations; homeowner associations; etc.)			
			Attending non-traditional environmental organizations' events to reach new audiences. There must also be continued collaboration with these said events, as well as the existing environmental organizations that interact with the communities that we wish to engage with.			
Reaching Diverse Communities to create Employment and Professional Engagement Opportunities	Email monthly Diversity Workgroup Updates, MD-DNR Children Partnership in Nature: Green Career Pathways, engaging with the	What groups/communities do we want to intentionally target? What are the priorities of these groups? How can we be value added to	2.1 Identify diversity engagement coordinators across watershed and CBP Partnership to join Diversity Workgroup to engage underrepresented	No – The only way we are currently tracking progress is by counting the number of career-oriented	By reaching diverse communities to create employment and professional engagement opportunities, the	More opportunities to give exposure to the underrepresented communities must be identified and/or created. It

	Audubon Naturalist Society	these communities, while also fully addressing our factor/goal? We need stronger relationships with organizations that have qualified applicants who are looking for the types of positions that the CBP offers.	<p><u>communities across CBP. (Includes but not limited to: Historically Black Colleges and Universities, Hispanic Serving institutions, grass roots organizations, and community colleges).</u></p> <p><u>2.2 Host Environmental Career Events with Federal agencies and State Jurisdictions and participate in career fair events with members of/outside the partnership.</u></p> <p><u>2.4 Identify opportunities to create an internship program specifically for individuals from diverse backgrounds.</u></p> <p><u>2.5 Increase outreach to diverse groups for hiring opportunities, internship positions, grant RFPs and stewardship events.</u></p> <p><u>2.6 Conduct diversity and inclusion workplace training and create developmental resources for federal and state agencies to increase equity and inclusion in hiring practices.</u></p> <p>We have been involved with 5 career fairs across the watershed. We have been involved with sending out a monthly news update that includes internships/employment opportunities, grants,</p>	events we co-host or participate in on an annual basis.	Diversity Workgroup expects to increase the percentage of individuals from communities of color that work within or in partnership with one of the organizations under the CBP.	is important that these opportunities spark the existing interests of these communities, while also exposing these communities to opportunities that were once unknown to them.
--	----------------------------	--	--	---	---	---

			and upcoming events across the watershed to our newly engaged workgroup members and interested parties. We also have begun to work with jurisdictional diversity positions (MD-DNR, VA-DCR and PA-DEP)			
Engaging Underrepresented Communities that Face Environmental Justice Challenges	<ol style="list-style-type: none"> 1. USFS: Urban Tree Canopy Project (1.4) 2. Fish Consumption Advisory Project (1.2) 3. Chesapeake Bay EJ Screen Project 	Lack of funding to increase capacity of existing local EJ groups and lack of existing strategy to approaching environmental justice issues within the CBPO.	<p>1.1 Identify key trusted leaders and interests of underrepresented communities (include HBCU's, colleges and universities, Urban League, NAACP, fraternities, sororities, disability group, religious, GLBT, etc).</p> <p>3.1 Bay Program jurisdictions and partners will review and revise their respective grant guidance including documents, as needed, to address diversity. EPA will review and revise Bay Program grant guidance criteria for Clean Water Act Section. 117 local government funding to determine how to better address diversity and environmental justice considerations at the local level.</p> <p>3.2.1 a. EPA will use EJSCREEN and other informational tools and databases in 2018/2019 to offer additional information and perspective that could</p>	No	By engaging underrepresented communities that face environmental justice challenges, the Diversity Workgroup expects to gain new perspectives that may positively impact the work of outcomes across the partnership. Engaging underrepresented communities that face environmental justice challenges will also help the CBP understand how to best increase citizen stewardship in communities previously not engaged. After assisting to identify communities facing environmental justice issues across the watershed, the	Need to reach out and work more directly with Environmental Justice organizations in the Chesapeake Bay watershed.

			<p>enhance partners' understanding of the watershed's diverse populations and to help target areas with potential for environmental justice concerns.</p> <p>3.2.2 b. EPA will provide EJSCREEN CHESAPEAKE to Bay jurisdictions, federal agencies and other partners to also help them target communities and organizations for grant funding opportunities.</p> <p>3.2.3 c. The Bay Program will add EJSCREEN as a new data layer for the Bay Program Watershed Model.</p> <p>3.2.4 d. The Bay Program public access and climate resiliency workgroups should use EJSCREEN CHESAPEAKE and other tools to help prioritize new public access sites and target communities that might be in areas vulnerable to climate change impacts.</p> <p>Co-hosted a green career fair in Newport News, Va with the Southeast Care Coalition. --	--	--	---	--	--	--

			host the Trees For All: Regional Chesapeake EJ Workshop. Following this event will be the next phase of the Urban Tree Canopy Project across the Washington D.C. Metropolitan Area.			
Creating Metrics and Tracking Tools	Completed the Diversity Profile with the Alliance for the Chesapeake Bay, which guided the creation of the Diversity Indicator. The Diversity Indicator was included in the 2015-2016 Bay Barometer. Have also collected and documented newly engaged stakeholder groups and members of jurisdictional agencies that wish to participate with the diversity workgroup.	We do not currently have a goal or target for our indicator. We are still exploring options to refine our initial metric.	<p>4.1 Establish a baseline of the level of diversity (staff, boards, programs and initiatives aimed at increasing internal diversity).</p> <p>4.2 Increase the Bay Program stakeholder base by tracking new partnerships that help to better identify and target underrepresented and underserved Chesapeake communities to engage in Partnership efforts.</p> <p>4.4 Collect and evaluate existing diversity programs tools and resources and share across CBP.</p>	Yes – A diversity profile conducted by the Alliance for the Chesapeake Bay 2016. Will be conducted again in 2019. The Diversity workgroup will be evaluating the percentage of communities of color within the CBP, and the percentage of communities of color in roles of leadership across the CBP. This diversity indicator can be evaluated to be more strenuous and intentional.	By creating metrics and tracking tools, the Diversity Workgroup expects to see an increase in geographical and ethnic/racial diversity across the partnership and in leadership roles throughout the CBP. Metrics will assist in making outreach, professional engagement and EJ initiatives more intentional. By measuring and tracking the progress of the diversity indicator, it will also the Diversity Workgroup to evaluate if current methodologies are successful. (2025)	After the first diversity profile, and establishment of a diversity indicator, we are considering to add a 2025 target for the indicator either now or after the next update of the diversity profile in 2019.
Accounting for Impacts from Climate Change, Flooding and Extreme Weather	Chesapeake Bay EJ Screen Tool Project	Information needed to identify what communities across the watershed are most vulnerable to impacts of climate change, flooding, and extreme	3.2.1. EPA will use EJSCREEN and other informational tools and databases in 2018/2019 to offer additional information and perspective that could enhance partners'	The Climate Resiliency workgroup is currently working on a climate resiliency indicator that	By accounting for impacts from climate change, flooding and extreme weather, the Diversity Workgroup expects to draw	In 2018/2019, the Diversity workgroup must work to identify the best strategies to incorporate climate change, flooding and

		weather. ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
Management Approach 1: Communications and Outreach					

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
1.1	Identify key trusted leaders and interests of underrepresented communities (include HBCU's, colleges and universities, Urban League, NAACP, fraternities, sororities, disability group, religious, GLBT, etc).	a. Recruit diverse stakeholders and leaders to participate in 2018&2019 Chesapeake Watershed Forum.	EPA Diversity Workgroup, State Jurisdictions: PA, MD, DC, DE, VA, Alliance for the Chesapeake Bay	WV	Annual
		b. Develop a jurisdiction by jurisdiction contact list of key community leaders, their interests in existing management approaches and key contact communication preferences.	EPA Diversity Workgroup, State Jurisdictions: PA, MD, DC, DE, VA, CBP, NOAA, USFS	DC, DE, MD, PA, VA	Spring 2018 (Undergoing)
		c. Identify potential placement of key trusted leaders in CBP workgroups and GITs.	Diversity Workgroup, State Jurisdictions: PA, MD, DC, DE, VA CBP	DC, DE, MD, PA, VA	2018-2019
		d. Intentionally engage with non-traditional environmental groups to promote environmental stewardship (National Urban League, National Society of Black Engineers, League of United Latin American Citizens, Society of Mexican American Scientists (MAES) Latinos in Science and Engineering, Asian Americans United, American Indian Science and Engineering Society, etc.).	Diversity Workgroup, State Jurisdictions: PA, MD, DC, DE, VA, CBP	PA, MD, DC, DE, VA	2018/2019
1.2	Establish forums and begin dialogue to better understand how community issues link to watershed restoration. During the process, assess needs and preferences for ongoing communications like online forums, food security, etc.	a. Plan and implement jurisdictional pilot outreach sessions led by key community leaders to engage students, determine community interests and potential opportunities to restoration.	Diversity Workgroup, State Jurisdictions: PA, MD, DC, DE, VA, Communications Workgroup, GITs	DC, DE, MD, PA, VA	2018-2019
		b. Develop a set of follow up actions and recommendations for CBP (Principal Staff Committee level) adoption.	Diversity Workgroup, State Jurisdictions: PA, MD, DC, DE, VA	DC, DE, MD, PA, VA	2018-2019

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
1.3	Work with Toxic Contaminants Workgroup (TCW), Jurisdictions and contractor to identify communities where fish consumption advisories (FCA) exist (use EJ screen tool) and initiate pilot project to improve communications and outreach.	a. TCW Advisory subgroup to work with jurisdictions, Diversity Workgroup, contractor to devise activities that lead to dissemination and use of new fish advisory tools and approaches. Oversee implementation of activities.	Diversity Workgroup, Toxic Contaminants Workgroup, State Jurisdictions: PA, MD, DC, DE, VA, Communications Workgroup, USGS, FWS	DC, DE, MD, PA, VA	Winter 2018
		b. Engage community stakeholders and explore long term process for reviewing fish consumption and alternatives such as fish swapping etc. Provide recommendations to CBP and jurisdictions.	Diversity Workgroup, Toxic Contaminants Workgroup, State Jurisdictions: PA, MD, DC, DE, VA, Communications Workgroup, FW		Spring 2018
		c. Develop a communications strategy for disseminating the products and identify specific target audiences.	CBP, Diversity Workgroup Toxics Contaminants Workgroup, State Jurisdictions: PA, MD, DC, DE, VA, Communications workgroup, USGS, FWS	DC, DE, MD, PA, VA	2018-2019
1.4	Assist the development of Tree Canopy communication and outreach strategies targeted to diverse audiences, focusing on areas with greatest need and opportunity (e.g. low canopy/underserved communities; schools, faith-based, and other civic organizations; homeowner associations; etc.)	a. Work with Urban Tree Canopy goal team to establish Tree Ambassadors and Green Team in Maryland and Washington, D.C. jurisdictions.	USFS/Forestry Workgroup, Diversity Workgroup LillieLeaf Solutions	MD, DC	2018

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
1.5	Increase audience of stakeholders involved in local engagement for Phase III WIPs for local area planning goals.	a. Notify members of Diversity workgroup and interested parties of upcoming stakeholder and local engagement meetings to promote participation.	Diversity Workgroup, Water Quality GIT, State Jurisdictions: DC, DE, MD, PA, VA, LGAC	DC, DE, MD, PA, VA	Spring/Summer 2018
Management Approach 2: Employment and Professional Engagement					
2.1	Identify diversity engagement coordinators across watershed and CBP Partnership to join Diversity Workgroup to engage underrepresented communities across CBP. (Includes but not limited to: Historically Black Colleges and Universities, Hispanic Serving institutions, grass roots organizations, and community colleges).	a. Each Jurisdiction, Federal Agency and the Bay Program to explore opportunities to hire new Diversity coordinator or explore reallocation of existing staff time to strengthen Diversity coordination amongst the Partnership. b. Encourage Jurisdictional and Federal Agency DEI staff to join CBP Diversity Workgroup. c. Identify key trusted leaders and researchers of color to present research during a STAC workshop.	Diversity Workgroup ,CBP Partners, State Jurisdictions: PA, MD, DC, DE, VA, Federal Agencies	DC, DE, MD, PA, VA	2018
2.2	Host Environmental Career Events with Federal agencies and State Jurisdictions and participate in career fair events with members of/outside the partnership.	a. The Diversity Workgroup to host a pilot event highlighting the different career opportunities related to a Clean Chesapeake Bay. Diversity Workgroup to partner with Audubon Naturalist Society and other organizations across the watershed. b. Work with organizations outside of CBP to participate in career fairs, expos and panels to promote CBP/CRC employment and internship programs. c. Make links between different cultures, arts, and entertainment with environmental career opportunities. d. Identify funding sources to support Environmental Career Event.	Diversity Workgroup, CBP Partners, Audobon Naturalist Society, Chesapeake Bay Trust, Chesapeake Bay Foundation, State Jurisdictions: PA, MD, DC, DE, VA, Federal Agencies, Private Entities	DC, DE, MD, PA, VA	2018/2019 (Ongoing)

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
		e. Outreach to include Diversity Workgroup partnership email list serves to better promote diverse attendance. f. Collaborate with Federal and State agencies to co-host environmental career fair events.			
2.3	Connect and work with existing career service programs for job applicants (e.g., interview training,).	a. Identify existing career service program contacts/leads in each jurisdiction - Colleges/Universities and state/county government. b. Explore developing a hard copy and digital fact sheet that walks through career application services and offer technical assistance to those applying for jobs. c. Communicate and promote the fact sheet at job fairs/events across the watershed.	Diversity Workgroup, CBP Partners, Community Colleges/Universities, State Jurisdictions: DC, DE, MD, PA, VA	DC, DE, MD, PA, VA	2019
2.4	Identify opportunities to create an internship program specifically for individuals from diverse backgrounds.	a. Enhance recruitment/outreach strategies of existing internship program to increase diverse applicant pool.	Diversity Workgroup, CBP Partners, Choose Clean Water, CRC, Community Colleges and career service Departments at Historically Black Colleges and Universities/ Hispanic Serving Institutions.	DC, DE, MD, PA, VA	Ongoing
		b. Evaluate models that have been tested throughout the watershed that increase green job/career training opportunities.	Diversity Workgroup, CBP Partners, Choose Clean Water, CRC, Community Colleges and career service Departments at Historically Black Colleges and Universities/	DC, DE, MD, PA, VA	Ongoing

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
			Hispanic Serving Institutions.		
		c. Choose one model to begin connecting interns with in-demand employment opportunities.	Diversity Workgroup, CBP Partners, Choose Clean Water, CRC, Community Colleges and career service Departments at Historically Black Colleges and Universities/ Hispanic Serving Institutions.	DC, DE, MD, PA, VA	Ongoing
		d. EPA to revise 2019 Grant Guidance to allow for CBIG/CBRAP funding to be used to hire interns and encourage diversity in state hiring of those interns.	EPA, State Jurisdictions: DC, DE, MD, NY, PA, VA, WV	DC, DE, MD, NY, PA, VA, WV	2018
		e. Explore development of the Chesapeake Student Recruitment, Early Advisement and Mentoring Program (Chesapeake StREAM Program) to create a program to increase opportunities for emerging professionals from communities of color.	EPA, CRC, Federal Agencies, State Jurisdictions: DC, DE, MD, NY, PA, VA, WV, Non-Profit Partners	DC, DE, MD, NY, PA, VA, WV	2018-2019
2.5	Increase outreach to diverse groups for hiring opportunities, internship positions, grant RFPs and stewardship events.	a. Enhance recruitment/outreach strategies of existing hiring programs and explore options to reduce the amount of uncompetitive internal hiring in order to increase diverse applicant pool (e.g. environment and related career fairs).	Diversity Workgroup, EPA, MD Department of Natural Resources, DOEE, NOAA, Interfaith Partners Chesapeake	DC, DE, MD, PA, VA	Ongoing
		b. Reevaluate hiring practices that may inadvertently make it difficult for a diverse group of applicants to obtain jobs.	EPA, MD Department of Natural Resources, NOAA, ACB	DC, DE, MD, PA, VA	Ongoing

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
		c. Poll partners for the in-demand employment needs expected of future employees/professionals.	Diversity Workgroup	DC, DE, MD, PA, VA	Ongoing
2.6	Conduct diversity and inclusion workplace training and create developmental resources for federal and state agencies to increase equity and inclusion in hiring practices.	a. Include workgroups, GITs and Management Board in cultural competency trainings to create developmental tools to include Diversity, Equity and Inclusion (DEI) into future programming.	CBP, GIT 5, Diversity Workgroup, State Jurisdictions: DC, DE, MD, PA, VA, NPS, NOAA, USFS, FWS, USGS	DC, DE, MD, PA, VA	2018-2019
Management Approach 3: Promote Environmental Justice					
3.1	Bay Program jurisdictions and partners will review and revise their respective grant guidance including documents, as needed, to address diversity. EPA will review and revise Bay Program grant guidance criteria for Clean Water Act Section. 117 local government funding to determine how to better address diversity and environmental justice considerations at the local level.	a. Jurisdictions review and revise their respective grant guidance documents as needed and report to CBP with policies by 3/31/18 with future periodic updates as needed.	EPA, State Jurisdictions: DC, DE, MD, NY, PA, VA, WV	DC, DE, MD, NY, PA, VA, WV	Spring 2018
		b. Other partners review and revise their grant guidance documents as needed.			2018-2019
3.2.1	a. EPA will use EJSCREEN and other informational tools and databases in 2018/2019 to offer additional information and perspective that could enhance partners' understanding of the watershed's diverse populations and to help target areas with potential for environmental justice concerns.	a. EPA to provide training and presentations on use of EJSCREEN CHESAPEAKE to GITs, CBP Workgroups and partners.	EPA, Diversity Workgroup, GITs, State Jurisdictions: DC, DE, MD, PA, VA, Federal Agencies	DC, DE, MD, PA, VA	2018/2019
3.2.2	b. EPA will provide EJSCREEN CHESAPEAKE to Bay jurisdictions, federal agencies and other partners to also help them target	b. CBP to add EJ SCREEN CHESAPEAKE as a data layer for the Watershed Model.	EPA/CBPO	DC, DE, MD, PA, VA	2018

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
	communities and organizations for grant funding opportunities.				
3.2.3	c. The Bay Program will add EJSCREEN as a new data layer for the Bay Program Watershed Model.	c. Diversity Workgroup will work with the public access and climate resiliency teams help identify potential sites in diverse communities.	Diversity Workgroup, GIT 5, Public access Workgroup, Climate resiliency Workgroup, Toxic Contaminants Workgroup	DC, DE, MD, PA, VA	2018
3.2.4	d. The Bay Program public access and climate resiliency workgroups should use EJSCREEN CHESAPEAKE and other tools to help prioritize new public access sites and target communities that might be in areas vulnerable to climate change impacts.	d. Web Development Team will conduct user testing for EJ SCREEN CHESAPEAKE Tool for coordinators, staffers, state partners, non-profits and community leaders.	Diversity Workgroup, Public Access Workgroup, Toxic Contaminants, Workgroup, Climate Resiliency Workgroup, Communications Workgroup, State Jurisdictions: DC, DE, MD, NY, PA, VA, WV	Watershed Wide	Spring 2018
3.3	Bay Program and its partners will evaluate and improve transparency and efficiency in providing community-based grant opportunities.	a. DW will meet with Bay Funders Network, CBT and other partners to initiate discussions.	Diversity Workgroup, CBT, CBFN	DC, DE, MD, PA, VA	2018/2019
		b. EPA, jurisdictions and Federal agencies will review and revise their RFP email lists to ensure that grant opportunities are being distributed to broad and diverse constituencies. Examples, HOA's, community centers, rec centers, etc.	Federal agencies, State Jurisdictions: DC, DE, MD, PA, VA	DC, DE, MD, PA, VA	Ongoing
		c. Develop webinars/capacity building opportunities.	EPA, Diversity Workgroup	DC, DE, MD, PA, VA	2019
		d. Explore the development of a funding guide for community groups that CBP and CBP partners work with.	EPA, Diversity Workgroup, State Jurisdictions: DC,	DC, DE, MD, PA, VA	2019

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
			DE, MD, PA, VA, CBT, CBF		
3.4	Bay Program will partner with funding organizations and grass roots organizations to partner with to organize: 1. Awareness building, 2. Grant writing training, and 3. capacity building to address restoration projects in areas with diverse and underrepresented populations.	a. Identify key trusted leaders throughout jurisdictions to identify existing outreach events and potential locations for awareness buildings and trainings	EPA, Diversity Workgroup, State Jurisdictions: DC, DE, MD, PA, VA, CBT, CBF, CCW	DC, DE, MD, PA, VA	Winter 2018
		b. Co-host trainings with funding organizations, lead by grass roots organizations of the identified communities.	Diversity Workgroup, State Jurisdictions: DC, DE, MD, PA, VA, CBT, CBF, CCW	DC, DE, MD, PA, VA	2019
3.5	Collaborate and exchange information with various environmental justice entities throughout the Chesapeake Bay Watershed, incorporate their perspectives and perspectives of community and faith-based organizations/leaders throughout the Bay Program governance structure, including its three advisory committees (citizens, local governments and scientific/technical).	a. Diversity Workgroup to work with community leaders to engage them in MB, PSC, CBP GITs and workgroups as active contributing members.	Diversity Workgroup, GITsCBP Partners, CAC, LGAC, STAC	DC, DE, MD, PA, VA	2018-2019
		b. Diversity Workgroup to meet with the 3 CBP Advisory committees to seek their input on ways to help make CBP more representative of the diverse communities and people in the Bay watershed.			
		c. Identify key EJ groups in the jurisdictions and invite their involvement in CBP teams and workgroups.			
		d. Reach out to existing groups not identified in the management strategy like WE ACT and Blackbelt EJ Center who address EJ in non-traditional ways.			
3.6	Host a 'Meet the Funders' opportunity.	a. Host/Co-host a series of round-robin information sessions with community groups to promote funding opportunities to meet Chesapeake Bay watershed implementation goals.	Diversity Workgroup, CBT, CBF	DC, DE, MD, PA, VA	2019

ACTIONS – 2018-2019

Action #	Description	Performance Target(s)	Responsible Party (or Parties)	Geographic Location	Expected Timeline
		b. Identify community groups that may be candidates for environmental restoration projects and programs in the following jurisdictions; DE, PA, MD, DC, VA.			
Management Approach 4: Tracking and Assessment					
4.1	Establish a baseline of the level of diversity (staff, boards, programs and initiatives aimed at increasing internal diversity).	a. Develop options for a target goal for Diversity Indicator for 2025 and present to Management Board.	Diversity Workgroup, CBT, CBF, Partners to be surveyed in the following Jurisdictions: PA, MD, NY, DC, VA, DE, WV	DC, DE, MD, PA, VA	2018
		b. Use demographic profile to evaluate diversity indicator for the Chesapeake Bay Program in 2019.			Spring 2019 (Ongoing)
4.2	Increase the Bay Program stakeholder base by tracking new partnerships that help to better identify and target underrepresented and underserved Chesapeake communities to engage in Partnership efforts.	a. Identify and approach organizations and groups that work within diverse Chesapeake communities.	EPA, Diversity Workgroup, Communications Workgroup, State Jurisdictions: DC, DE, MD, PA, VA	DC, DE, MD, PA, VA	2018-2019
		b. Identify community groups that may be candidates for environmental restoration projects and programs.			2018-2019
4.3	Use EPA's EJ Screening tool as a base for identifying stressed or under-served Chesapeake communities.	a. Use EJSCREEN CHESAPEAKE to create a map that overlays data sets such as; demographic, environmental, sub-watersheds, proximity to partner organizations, environmental justice groups, community service groups, etc.	Diversity Workgroup, EPA	Watershed Wide	Spring 2018
		b. Track how partners are using EJ SCREEN tool in CBIG/CBRAP funding.			2018
		c. Continue to develop existing baseline matrix and highlighting current gaps within the Partnership.			2019
4.4	Collect and evaluate existing diversity programs tools and resources and share across CBP.	Develop method of tracking anecdotal and qualitative metrics of Strategy implementation for Diversity, Equity and Inclusion (DEI).	Diversity Workgroup, All CBP Partners,	Watershed Wide	Ongoing
