

Habitat Goal Implementation Team and Workgroup Management Strategy Fall 2023

Guiding Principles

- Infusing Social Science and Ecosystem Service evaluation into our work
- Ensuring that we have considered Diversity, Equity, Inclusion, and Justice (DEIJ) considerations into workgroup and HGIT decisions
- Coordinating and working across the six Goal Implementation Teams (GITs), STAR, and federal, state, and local groups/efforts to ensure we are leveraging resources towards common goals

The Near Term Priorities - the next 6 months:

- Meeting the Executive Council Charge to Evaluate Progress Towards the 2025 Agreement and Develop a Strategy on How to Move Beyond 2025
- Implementing the Wetlands Action Plan
- Implementing Brook Trout GIT Funding Project recommendations

The Near Term Priorities - the next 6 months:

- Improve outcome tracking and reporting for the wetland, black duck, stream health, and brook trout workgroups
- Supporting current and future Workgroup Activities
 - CESR report
 - Rising Water Temperatures report
 - Dartmouth report
 - SRS activities

The Long Term Priorities - 6 months and beyond

- Social Science and Ecosystem Services- Structured Decision Making (SDM)
- Cross GIT Coordination – identifying more joint workgroup meetings
- Warm Water Stressors in Streams Action Items – incorporating recommendations from the STAC temperature report
- Wetlands and shallow water habitat opportunities - Using Findings from the CSR report to develop management recommendations.
- Creating Habitat in more developed portions of our Watershed
DEIJ Accessibility
