QPM EXPECTED OUTCOMES

Understanding of the progress and challenges for the cohort regarding Outcome attainability.

Feedback on the direction and next steps that assist the cohort in addressing their challenges and any requests for assistance.

Commitment and collaboration by Management Board members to take on actions and next steps to assist Outcome Leads with their requests for assistance.

Chesapeake Bay Program
40 years of science, restoration and partnership

QPM GROUND RULES FOR DISCUSSION/WRAP UP

- **Keep discussions focused**; tangential discussions will be placed in a parking lot.

- **Commit to address the requests or action item in a timely manner**; work to identify the action, lead and due date.

- Use the **Raise Hand** feature in your webinar or place your **name tent** on its side to be called upon for open discussion.

- **Be responsive to getting agreement on the action items and next steps** during our wrap up period.
