

Introducing the Strategic Engagement Team

Management Board
November 2, 2023

Agenda

- Background
- Who We Are
- Mission
- How It Works
- Successes

Background

- Communications Workgroup + Local Engagement Action Team = SET
- Added social science and stewardship representation.
- Plan to add Diversity, Equity, Inclusion and Justice (DEIJ) representation when a permanent Diversity Coordinator and/or DEIJ Implementation Plan Coordinator joins the partnership.
- The Team kicked off in September 2022.

Who We Are

Laura Cattell Noll

- Catherine Krikstan, University of Maryland Center for Environmental Science
- Lucinda Power, U.S. EPA
- Jennifer Starr, Alliance for the Chesapeake Bay
- Breck Sullivan, U.S. Geological Survey

Mission

“People Version of STAR”

Mission

Provide Goal Implementation Teams (GITs) and workgroups guidance and assistance when developing and/or implementing actions and activities that advance their outcomes utilizing elements of communications, outreach, stewardship, local engagement and social science.

We Can Help!

- Provide guidance in how to craft messages that best resonate with local government officials.
- Create a communications plan for a new scientific report.
- Help think through objectives for engagement and suggest additional and/or alternate audiences to reach out to.
- Determine if and how social science practices could benefit your outcome's goal.

Successes

- Tributary Summaries
 - Outcome: Water Quality Standards and Attainment
- Workforce Development
 - Outcome: 2025 WIPs
- Rising Water Temperatures Report
 - Outcomes: Forest Buffers/Climate Adaptation/Climate Monitoring and Assessment
- Tree Canopy Fact Sheets
 - Outcomes: Tree Canopy

Thank You!
