

Urban Stormwater Workgroup Meeting

Tuesday, September 16, 2025

10:00 AM – 11:45 AM

Meeting Materials

Join the meeting via Microsoft Teams.

Meeting ID: 256 581 240 891 0 | Password: 8Rz36UN2

Call in: +1 202-991-0477 | Phone Conference ID: 359 852 982#

Note: we will be utilizing new meeting protocols to ensure the safety and security of all meeting participants.

- All meeting attendees' cameras and microphones will be disabled at the start of the meeting. To request access to the microphone and camera, use the raised hand feature on Teams. We will then enable you to unmute your mic and turn on your camera. Once a participant has microphone or camera access, they will have this permission for the remainder of the meeting.
- Access to chat will be allowed for all participants.
- If the meeting's privacy is compromised, the meeting staffer and coordinator will end the meeting and send an email to all members and interested parties with a new meeting link. Please share this with colleagues attending the meeting who may not be on the distribution list, but do NOT share this link publicly or post it to the Chesapeakebay.net webpage.

10:00 Welcome and Review of July Meeting Minutes.

Norm Goulet, USWG Chair

10:15 Urban Nutrient Management Panel Update

David Wood, CSN

David will share an update on the status and recommendations of the UNM Expert Panel. The update will provide a preview of the draft recommendations, though they have not been finalized by the Panel yet, and a timeline for the review and approval of the report.

10:45 MS4 and CSS Data Layer Review

Rebecca Ransom, USGS

Rebecca will share the final MS4 data layer for Phase 7 for workgroup review and approval. This was previously [presented](#) to the USWG at the July 2025 meeting and Rebecca has worked with states since then to make updates. View [this map viewer](#) to review the MS4 spatial data prior to the meeting. Rebecca will also present the CSS data layer for Phase 7 which is being reviewed by the WWTWG. The CSO Small Group has been working with Rebecca on this and the WWTWG will approve it at their [Sept 25th](#) meeting.

Decision Requested: Approval of the MS4 data layer for Phase 7.

11:15 Draft Vulnerability Assessment Framework

Michelle Miro, RAND

This meeting will be recorded for internal use. Current EPA policy does not allow recordings to be distributed.

Michelle will provide an overview of the draft Vulnerability Assessment Framework developed for stormwater managers as part of the ongoing project to advance resilient implementation of stormwater programs. An update was previously [presented](#) to the USWG at the May meeting.

11:45 Adjourn

Next Meeting: [October 21, 2025](#)
