

**BMPs Available for Agricultural Load Sources**

Agricultural Stormwater Management  
Alternative Crops  
Barnyard Runoff Control  
Blind inlets  
Blind inlets with P-sorbing materials  
Cover Crops (multiple types)  
Cropland Irrigation Management  
Denitrifying Ditch Bioreactors  
Drainage Water Management  
Forest Buffer  
Forest Buffer - Narrow  
Forest Buffer-Narrow with Exclusion Fencing  
Forest Buffer-Streamside with Exclusion Fencing  
Grass Buffer  
Grass Buffer - Narrow  
Grass Buffer-Narrow with Exclusion Fencing  
Grass Buffer-Streamside with Exclusion Fencing  
Horse Pasture Management  
Irrigation Water Capture Reuse  
Land Retirement to Ag Open Space  
Land Retirement to Pasture  
Loafing Lot Management  
Manure Incorporation (multiple types)  
Manure Injection  
Monitored denitrifying bioreactor for spring or seep  
Monitored P removal system for animal production area  
Nutrient Management (multiple types)  
Off Stream Watering Without Fencing  
P removal systems  
Precision Intensive Rotational/Prescribed Grazing  
Saturated Buffer  
Soil Conservation and Water Quality Plans  
Tillage Management (multiple types)  
Tree Planting  
Water Control Structures  
Wetland Creation - Floodplain  
Wetland Creation - Headwater  
Wetland Restoration - Floodplain  
Wetland Restoration - Headwater

**BMPs Available for Construction Load Source**

Erosion and Sediment Control Level 1  
Erosion and Sediment Control Level 2  
Erosion and Sediment Control Level 3  
Nutrient Management Maryland Commercial Applicators  
Nutrient Management Maryland Do It Yourself  
Nutrient Management Plan  
Nutrient Management Plan High Risk Lawn  
Nutrient Management Plan Low Risk Lawn

**BMP Available to Harvested Forest Load Source**

Forest Harvesting Practices, which represents a suite of practices not necessary to report individually

**BMPs Available to Septic Load Source**

Septic Connection  
Septic Denitrification - Advanced  
Septic Denitrification - Conventional  
Septic Denitrification - Enhanced  
Septic Effluent - Advanced  
Septic Effluent - Enhanced  
Septic Pumping  
Septic Secondary Treatment - Advanced  
Septic Secondary Treatment - Conventional  
Septic Secondary Treatment - Enhanced
