May 4th**

Management Board Outcomes

Management Board Supports...

- - Continued investment for monitoring of high-res land use change through 2033
 - A broader charge for the Land Use Workgroup
 - Integration of LUMM and LUOE Management Strategies
 - Promotion of active use of these data, tools and resources.
 - Conveying the urgency of habitat and living resource loss.

Strategic Engagement Team

Strategic Engagement Team

- Internal CBP team that meets with cohorts after their Management Board presentation.
- Comms staff from each jurisdiction are invited.
- Comms, Stewardship, Local Government, and Local Leadership folks all in one room to help outcomes.

Strategic Engagement Team Meeting Takeaways

- We need to meet locals where they are at
- Weave our asks into locals wants and needs
- be more proactive about sharing our tools
- Work with NGOs
- Need for translators (Bay program funded position?)
- Comprehensive plan work?
- Question: Do any states incentivize land conservation or preventative zoning?
