Upcoming Programming

- *Wandering Delmarva's Waterways* – April 4th – 5th. Thank you to Don Phillips, Josh Hastings and Mark Dobbins who will be helping to host the tour!
- Stops/Topics include:
 - Poultry farm with conservation practices
 - Saltwater intrusion on agricultural land
 - Agritourism on a dairy farm
 - Inland flooding and tax ditches
 - Land preservation

JOIN US ON THE
WANDERING WATERWAYS BUS TOUR
DELMARVA

Photo courtesy of the Chesapeake Bay Program

The Local Government Advisory Committee is pleased to host this FREE tour
Delmarva has a distinctive rural character with deep agricultural roots and strong ties to the water.

It's a place where local governments have more in common with their neighbors across state lines than with communities across the Chesapeake Bay.

- Join local elected officials from across the peninsula
- Meet poultry farmers and leading conservationists
- See the damage of flooding and saltwater intrusion
- Collaborate to support a strong agricultural economy and healthy environment

April 4th - 5th 2024
