Are there are existing materials that address an EC Charge Directive?
Yes
No
Do existing materials propose recommendations, which largely eliminate a need for further assessment?
SC/ERG needs to address charge
Yes
No
Is an independent assessment necessary for an unbiased perspective of what the charge is seeking? Or a component of the charge?
Yes
No
No further engagement required besides final synthesis by ERG
ERG incorporates into assessment (i.e., literature review)
ERG conducts assessment
No
Do SC members (or colleagues) have enough time to make meaningful efforts in addressing charge?
Yes
SC identifies a plan of action using Partnership resources to develop findings / recommendations
Findings and Recommendations are generated
SC reviews all findings and recommendations and sends to MB
Project scoping
SC task/role
ERG task/role
Project outcome
