Description: The Executive Council approved the work of the Beyond 2025 Phase 1 Chesapeake Bay Program and Watershed Agreement assessment. Phase 2 begins the work of implementing the ideas from Phase 1. A key activity for all workgroups and teams is to 1) decide whether to keep existing outcome language or agree to change the target language, and 2) for outcomes to be changed, new language is needed for review and approval in early 2025. Here, we will present our current recommendations to the Management Board (MB) for our outcome review scheduled for the February 27th MB meeting.
