New STAC workshop report: **Using Ecosystem Services to Increase Progress Toward, and Quantify the Benefits of Multiple CBP Outcomes** [now available](#)

Thank you & welcome, new workgroup leadership & at-large members – Suzanne

“GIT-funding” update

- WQGIT Leadership has been working with workgroup Chairs/Coordinators to compile prospective ideas and needs for this year
- A more defined process is anticipated in subsequent years
- **Lists must be prioritized by the respective GIT**
- Guidance for what ideas/requests need to include→
- Context for our GIT
 - Short- and long-term priorities for funding/needs
 - Past relevant successes & funding efforts
- Individual projects or requests should include
 1. Brief description of project, including key tasks
 2. Targeted audience / user base
 3. GIT priorities that will be addressed through project funding and implementation
 4. Identification of (any) cross-GIT application(s)
 5. Intended results
 6. Projected budget
 7. What other funding sources have been pursued for the project

“GIT-funding” next steps for the WQGIT

- We will share summaries of prospective ideas or requests ~March 11 along with instructions for prioritization (either via online poll in advance or live poll at our March 25 meeting)
- We currently have several ideas from workgroups; additional suggestions welcome by March 11
- We will keep a running list of ideas; some may not be fully formed or ripe for this year and they can be retained for next year
- Prioritized list will be shared and discussed with CBPO Branch Chiefs
- We will update WQGIT from there

Workgroup Updates (optional)

2 minutes or less, open to Chairs or Coordinators
