

## **Agenda**

### **Public Access Work Group Meeting**

**December 16, 2013**

**10:00 AM to 2:30 PM “Fish Shack” Annapolis, MD**

10:00 – Welcome and Introductions

10:15 - Review of pilot study/inventory done by Chesapeake Conservancy on boat-in camping done as a part of Potomac Segment planning process. Emily Myron from the Conservancy will provide the update

10:45 - Determine how to capture river stretches needing access when no specific potential sites are identified. What stretch length is of value?

11:45 - Review collection process for 2013 data call of new sites opened for public use. These are new public access sites that will count toward the 300 site goal.

12:15 – Quick break and lunch, please bring your own .

12:30 - Review of new potential sites submitted during open public comment process.

1:45 - Follow up on two Shared Priorities for 2013-14 identified at last work group meeting:

- a. Universal access, how are states dealing with it? How is it being applied?
- b. Issue of railroad crossings for access, any good case examples?

2:15 – Concluding remarks any next steps

2:30 - Adjourn
