Education: B.S. Dairy Science; Virginia Tech 2000
Masters Natural Resources; Virginia Tech 2016

Current Work Experience:

2013-Present Virginia Cooperative Extension, Rockingham County Dairy Extension Agent

I work with Dairy Farmers in The Shenandoah Valley to help them to become more profitable and sustainable. I have been trained to design positive pressure ventilation systems for calf barns. I also am an appointed director on the local soil and water conservation district board. In addition, I coach the Virginia state dairy judging teams.

Previous Work Experience:

2011-2013 Herd Manager for Mor-Dale Farms, Myerstown, PA

Mor-Dale Farms is a 250 cow 400-acre dairy farm that milks with 4 Lely Robots and has a methane digester.

2004-2011 Owner operator of Standard of Excellence Dairy, PA/NY
100 cow dairy on rented property.

2002-2004 Herd Manager for Vision-Genetics, Mt. Joy/Millville, PA
300 cow dairy

2000-2002 Herdsman on Jones Dairy Farm, Massey, MD
1200 cow dairy with 29,000-pound herd average.

Other Experience:

I am a member of the following organizations: National Dairy Shrine, State and National Holstein Associations, State and National Brown Swiss Associations, International Embryo Transfer Society, Virginia Tech Alumni Association, Farm Bureau, Virginia Agricultural Extension Agent Assoc., 4-H leader

I was in the Young Dairy Leaders Institute Class 4. I was on Dairy Judging Teams. I participated in American Dairy Science Association Meetings. I was on the Youth Advisory Board for the National Brown Swiss Association. I am also qualified to judge national Holstein and Brown Swiss shows.

I am currently in the Virginia Natural Resources Leadership Institute.
