

## **Biography**

### **Jay Marshall, VA DCR**

Jay Marshall was born and raised on a 400 acre beef cattle farm in Fauquier County, Virginia, which he continues to run today. He received a BS in Marketing Management from Virginia Tech in 1983. He worked for 5 years as a Conservation Specialist for the John Marshall SWCD before signing on with DCR as a Nutrient Management Specialist when their Nutrient Management Program began 1989. Jay has been a steady contributor for 30 years, particularly providing leadership in the development of the NutMan computer program used in Virginia to write Nutrient Management Plans.
