

CAST 2021 Webinar

- Thursday December 16th ; 12-1pm
- “A new version of CAST will become available in early 2022. This CAST-21 version is in a review period. In anticipation of the big release, we are planning a webinar to explain the new BMPs, data, and other changes. This will be a great time to ask questions about load calculations.”

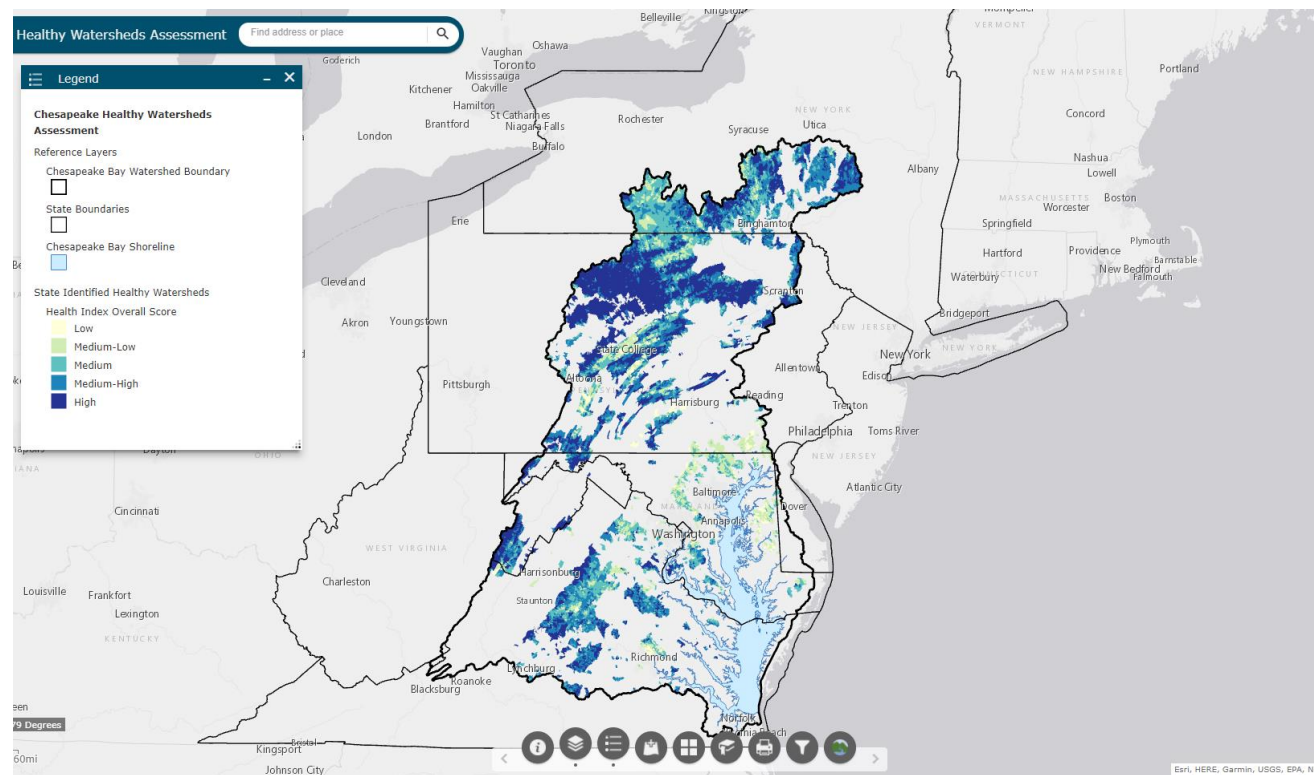

2022 HWGIT Meetings 11:00am-1:30pm

- February 14th
- April 11th
- June 13th
- August 8th
- October 11th (Tuesday)
- December 12th

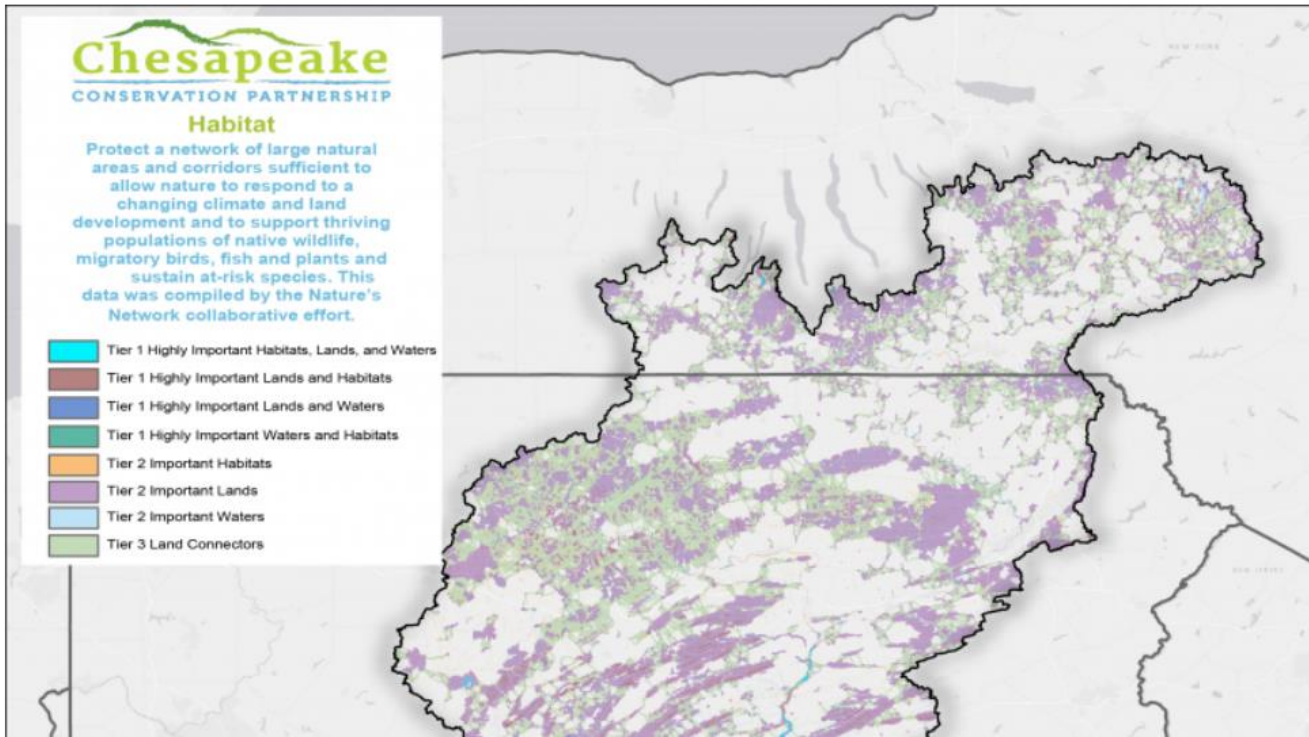

Chesapeake Healthy Watersheds Assessment 2.0 has been funded!

This project will further improve, refine, and finalize the Chesapeake Healthy Watersheds Assessment. The CHWA 2.0 outcomes include updated metrics for all Chesapeake Healthy Watersheds Assessment data layers, improved visualization, analysis, and filtering functionality to meet user needs, computed change statistics for appropriate metrics related to land use and vulnerability metrics and user customized fact sheets including interpretation of results.

Chesapeake Conservation Partnership: Scoping project for Priority Habitat Dataset update

- Provide a scope of work describing various approaches and resources required for an updated, watershed-wide dataset of important habitat to guide land conservation and terrestrial and aquatic habitat conservation, restoration and stewardship
- Provide recommendations related to data, methodology, process and cost estimates for the creation of an updated habitat dataset for CCP. The outcome will lay the foundation for ecological assessment, ecosystem service valuation and metric development. It will be utilized by others to inform Outcome progress as related to important habitat considerations for land conservation outcomes and beyond (e.g., a key habitat metric of the Chesapeake Healthy Watersheds Assessment includes the CCP Habitat dataset)

Chesapeake Healthy Watersheds Assessment 2.0 has been funded!

Task	Due Dates
Draft Phase 2 Scopes of Work Due (GITs)	1/14/22
Trust Reviews and Comments on Table 2s (Trust)	1/17/22 to 1/21/22
Trust sends out Phase 2 Scopes of Work Comments (Trust)	1/21/22
Develop Final Phase 2 Scopes of Work (GITs)	1/21/22 to 2/21/22
Final Phase 2 Scopes of Work Due (GITs)	2/21/22
Project Begins	June 2022
End of Project	Appx. December 2023
