*Please note Zoom is a new webinar system. To enter the webinar, **please open the webinar link first.** After opening the webinar, either elect to join via computer audio or via phone call. If you select phone, you will be prompted to dial the conference line, meeting ID and participant ID. Please ensure you enter the participant ID, otherwise you will be taking two spots on the webinar. This could prevent other participants from joining the call.

AGENDA

- 1:30** **Welcome, Introductions & Announcements** (Co-Chair Mark Bennett, USGS and Co-Chair Erik Meyers, The Conservation Fund)
- Update on SRS Biennial Meeting
 - Update on finalized BMP research list
- 1:45** **Finalizing SLR recommendation for Bay Program – Mark Bennet, USGS**
- 2:00** **Tree canopy indicator – Julie Mawhorter, USFS**
- 2:30** **Finalized CRWG Workplan – Jennifer Dopkowski, NOAA**
- 3:00** **STAC-Sponsored Science Synthesis Project RFP – Jennifer Dopkowski, NOAA**

The Chesapeake Bay Program's Scientific and Technical Advisory Committee (STAC) and the Chesapeake Research Consortium (CRC) are now accepting proposals to support a science synthesis project related to how climate change may impact on-going efforts to restore and protect the Chesapeake Bay. Appropriate topics for a STAC-sponsored science synthesis project are those where a thoughtful analysis and synthesis of available data and/or previously published results would identify, characterize, and suggest means of addressing important knowledge gaps, inform additional research, and place scientific information into a management-relevant context. All proposals are DUE to STAC by Friday, May 10, 2019. If you have any questions, please contact STAC Chair Brian Benham (benham@vt.edu) or Rachel Dixon (dixonr@chesapeake.org).

3:30 **Adjourn**

Next Meeting Dates: April 15
