

CHESAPEAKE BAY PROGRAM LAND USE WORKGROUP  
Meeting Agenda

April 6, 2016  
10:00AM-12:00PM

CBP Office, Room 305A  
**Conference Line:** 866-299-3188 **Code:** 267-5715#

**Meeting Materials:** <http://www.chesapeakebay.net/calendar/event/23310/>  
**Adobe Connect:** <https://epawebconferencing.acms.com/luwg>

- 10:00      **Welcome and introductions/Review of meeting minutes – K. Berger**  
The LUWG will be asked to approve the meeting minutes from the March 2<sup>nd</sup> face-to-face meeting.
- 10:05      **Update on Phase 6 Land Use Database – F. Irani**  
Fred will update the LUWG on the production schedule for the Phase 6 land use database.
- 10:30      **Clustering local land use classes for classification as fractions of P6 land uses –R. Thompson and Q. Stubbs**  
Renee will review the clustering of local land use and NAVEQ data into fractional Phase 6 land uses based on the feedback from the LUWG and USWG in March. Quentin will discuss how we plan to represent road right-of-ways in Phase 6.  
**Decision: Concurrence on the proposed clustering of local land use and NAVTEQ data and interpretation of road right-of-ways.**
- 11:15      **Fractions of mixed open, turf grass, and impervious by local land use– J. White**  
MDE will present their sampling analysis of local land uses to estimate relative proportions of mixed open, turf grass, and impervious surfaces for specific land types (including institutional campuses, military/federal installations, county, state, and national parks, commercial/industrial barren areas, and quarries and surface mines). This estimation will be used to extrapolate across the Chesapeake Bay Watershed to all similar areas.  
**Decision: Concurrence on the proposed P6 land use proportions for the local land use and NAVTEQ data clusters.**
- 12:00      **Adjourn**

**Next meeting: May 4<sup>th</sup>, 2016; 10:00 AM – 12:00 PM**
