Welcome to the Woodland Crediting Platform

This tool helps you turn your land management actions into conservation funding and communicate the many environmental benefits that your land provides. Land managers can map their projects, create multiple project designs, and manage their projects through approvals for select conservation programs.

About the Forests for the Bay

Forests for the Bay is a free, voluntary membership program made up of small and medium sized landowners. Forests for the Bay provides woodland management training, eases woodland owner access to conservation funding, and develops educational initiatives. Forests for the Bay is managed by the Alliance for the Chesapeake Bay.
