| 10:00 | Presentation from MD FS and Discussion
Tim and Anne will give an overview of what the Maryland Forest Service has been doing-- and is planning to do-- to meet Bay Goals for water quality and habitat. This will be the “first in a series” and we plan to hear from all 6 states and DC during future meetings. This is an overview, but more in depth than we normally can get during the Round Robins. We owe Maryland a huge thank-you for being the guinea pig. | Anne Hairston-Strang and Tim Culbreth |
