10:10 Putting Workplans into Action

Sally Claggett

The Public Input period to comment on Chesapeake Bay Watershed Agreement 2-year Workplans ended on March 8th. The Riparian Forest Buffer Workplan received 12 comments and the Urban Tree Canopy Workplan received 5 comments. As we near the final stages of Workplan development, however, it is important to recognize that we are already a few months in the first year of the Workplan, 2016. Much of the agenda time today will be focused on discussing how we will implement the actions in our Workplans.
