

Jerry Ours
Poultry and Environmental Specialist
West Virginia Nutrient Management Program Coordinator
Regulatory and Environmental Affairs Division
West Virginia Department of Agriculture

Jerry Ours received an Associates of Arts in Animal Science from Potomac State College and a Bachelor of Science from West Virginia University in 1986. Upon graduation, Jerry worked in the poultry industry for 24 years. He began working for the WV Department of Agriculture in 2009.

His responsibilities at the Department of Agriculture include Poultry Programs, Coordinating the State's Nutrient Management Program, Conducting FSMA Trainings and other duties.

Jerry grew up on a beef cattle and sheep farm. He and his wife live in Maysville, WV and have two daughters. They also own and operate Grace Brooke Greenhouses, LLC.
