

The Urban BMP Review Panel Queue

In Process (2011-mid 2012)

- Stormwater retrofits
- Stream restoration
- LID BMPs under new state performance standards for new and redevelopment ¹
- Urban fertilizer management

Requested (2012)

- Enhanced erosion and sediment controls (WV) ¹

Proposed (2012-2013)

- Illicit discharges elimination (in conjunction with wastewater working group)
- Urban filter strips and upgraded stream buffers (in conjunction with forestry work group)
- Floating wetlands
- Regenerative conveyance systems

¹ state or states have requested it as an interim BMP in Phase 1 and/or 2 WIP so that a review panel is required.
