

An aerial photograph of a city landscape. A wide river flows from the bottom left towards the center. To the right of the river, a set of train tracks runs parallel to the water. Further right is a multi-lane road with several cars. The background features a city skyline with various buildings under a blue sky with scattered white clouds. The text 'Watershed Educational Materials for Local Governments' is overlaid on the right side of the image in a large, white, sans-serif font. A thin yellow horizontal line is positioned below the word 'Governments'.

Watershed Educational Materials for Local Governments

Green Fin Studio

- Environmental communications & marketing firm. 10 years experience, principals have 25+ years in Chesapeake Bay region and with CBP
- We combine scientists, communicators, graphic designers, programmers, and digital media specialists to bridge gaps between science, policy, and broad audiences.
- We work across multiple sectors. Current/recent clients include the following:

Matrix of Local Priorities and Outcomes

- 2017 EcoLogix “Strategic Outreach Education Program for Local Elected Officials in the Chesapeake Bay Watershed” a starting point
- Local priorities of
 - Economic Development
 - Public Health and Safety
 - Infrastructure Maintenance and Finance
 - Education
- Aligned with CBP Goals and Outcomes

Developing the Matrix

- Developing the matrix using information that meets the following **criteria**:
 - Recent literature (<20 yrs old)
 - Geographically relevant
 - Reputable sources (federal, state, local governments; peer reviewed literature; and non-profit/professional organizations)
- Currently ~300 files in folder to review
- Access the developing matrix through G Drive
- Help Needed: Filling gaps in associated co-benefits

Developing the Modules

Possible themes

- Chesapeake Bay 101- ecosystem basics (required)
- Legal/regulatory 101- how the laws and regulations fit together and support CBP goals
- Flooding, stormwater, resiliency, and safety
- Trees canopy/Green infrastructure/Habitat
- Land conservation and comprehensive planning
- Diversity, Equity, Inclusion, and Justice

Module development will begin over next month. Formats open for discussion. Materials will focus on providing the basics while allowing for deeper dives, where additional materials are available.
