

2-Year Project Work Plan Template

Goal: *Restore, enhance and protect a network of land and water habitats to support fish and wildlife, and to afford other public benefits, including water quality, recreational uses and scenic value across the watershed.*

Outcome: *Continually increase the capacity of forest buffers to provide water quality and habitat benefits throughout the watershed. Restore 900 miles per year of riparian forest buffer and conserve existing buffers until at least 70 percent of riparian areas throughout the watershed are forested.*

Long term Target: *900 miles/year until 70% riparian areas forested*

2 year Target: *1800 miles*
