AGENDA

- 1:30 Welcome/Confirm Call Participants and Updates – Larry Merrill, Chair
- 2:10 Update on Calibration of the Watershed Model – Lewis Linker
Lewis will discuss the calibration of the Watershed Model with the team.
- 2:30 EPA's Proposed Approach for Crediting a New Ozone Standard in Phase II WIPs –
Lewis Linker
Lewis will discuss how EPA would credit the seven jurisdictions with additional reductions in atmospheric nitrogen deposition if a revised ozone standard that is at least as protective as 0.070 ppb is finalized before Phase II WIPs are due to EPA.
- 3:00 Refinements to the Air Credit Decision Rules – Lewis Linker
Lewis will prescribe two key refinements to the air credit decision rules that will be used in the Phase II WIPs. The decision rule changes will allow a fuller accounting of air credits in the Phase II WIPs.
- 3:15 Non-Tidal Monitoring Network Status Update – Peter Tango, Katie Foreman
Peter and Katie will present a brief update regarding the process underway working with the NTWG for finalizing recommendations of key additional monitoring sites to complete the watershed network. CBPO was successful in receiving funding support for the stations. The developing proposal will be presented to the WQGIT in June for a decision. The results will be carried to the Management Board for approval at their July meeting.
- 3:30 Adjourn
