

Approving the CBP Decision Framework for WQGIT activities

Scott Phillips and Greg Allen
USGS, EPA

July 16, 2012 WQGIT Meeting

CBP Decision Framework

- Draft of decision framework for WQ GIT activities presented on June 11
- Steps:
 - Articulate goals
 - Describe factors
 - Current management efforts (and gaps)
 - Development management strategy
 - Monitoring program
 - Assess performance
 - Manage adaptively
- Requested comments

Comments and Revisions

- Generally positive feedback
- Received and addressed three comments:
 - Mention human health benefits (p. 2)
 - TMDL partially based on WIPs (p. 9)
 - Addressing increased storms/climate variability (p. 9)

Approval and Next Steps

- Asking WQGIT to approve document
- Use by the WQGIT
 - Use to manage activities
 - Populate information on ChesapeakeStat
 - Workgroups develop decision frameworks
 - Increased focus on factors affecting source sectors
 - Interaction with other GITs and MB
 - Discussion at August 2 MB meeting
