

## AGENDA

### Wastewater Treatment Workgroup (WWTWG)

#### Teleconference

Tuesday, January 14<sup>th</sup>, 2014, 10:00 AM - 12:15 PM

Conference Line: 866-299-3188, code: 410-267-5731

Adobe Connect: <https://epa.connectsolutions.com/wwtwg/>

---

10:00 AM      **Welcome and Introductions**      Spano

**Action item:** Approval of December WWTWG minutes (Attachment A)

10:10 AM      **BMP Verification**      Spano/Zhou/Hanson

As discussed on the WWTWG's December call, the BMP Verification Review Panel has provided feedback to the workgroups. Workgroups have until February to submit their revised guidance documents to the Verification Review Panel and Verification Committee. CBPO staff has updated the workgroup's verification narrative (Attachment B) in response to the Review Panel's feedback. Tanya, Ning, and Jeremy will review comments received from the Workgroup and highlight any significant issues that require resolution. The workgroup needs to approve and submit its revised document by February 3<sup>rd</sup>.

**Actions requested:** 1) Workgroup discussion and input on Attachment B. 2) Resolution or agreement on any issues raised through discussion or feedback received following the December call. 3) Approve the revised document or agree on process to approve the document by February 3<sup>rd</sup> deadline.

11:10 AM      **Discussion of old and new supplemental indicators**

Tanya and Ning will recap feedback received from the workgroup, along with discussion and decisions from the January 13<sup>th</sup> WQGIT conference call.

11:30 AM      **Biosolid and spray irrigation data template**      Zhou

Ning will review feedback received on the draft template (Attachment C). Workgroup discussion and approval of the template if there are no further comments.

**Actions requested:** 1) Workgroup approval of the draft template. 2) Work out a plan for the Bay jurisdictions to use the template to submit the biosolid and spray irrigation data.

11:45 AM      **Updates and other business**

- Workgroup priorities
- Virginia Tech Cooperative Agreement and panel support
- On-site systems STAC workshop
- Update on the septic BMP expert panel report
- Other updates from the workgroup

12:15 PM      **Adjourned**

**Next conference call:**

Tuesday, February 4<sup>th</sup>, 2014

10:00 AM – 12:00 PM
