

Wastewater Treatment Workgroup (WWTWG)

Conference Call

Tuesday, May 7th, 2013, 10:00 AM- 12:00 PM

Conference Line: 866-299-3188, code: 410-267-5731

Adobe Connect: <https://epa.connectsolutions.com/wwtwg/>

- 10:00 AM **Welcome and Introductions** Spano
Action item: Approval of April WWTWG minutes (Attachment A)
- 10:10 AM **Biosolids** Dubin
Mark Dubin (UMD; AgWG Coord.) will discuss how biosolids are accounted for in the Bay Program partnership modeling tools.

Action requested: Based on the background information from Mark, members will determine if the biosolids issue warrants further attention from the workgroup.
- 10:40 AM **Spray Irrigation** WWTWG members
States will discuss their spray irrigation programs with the workgroup and how they track practices to spray irrigate treated wastewater effluent, as well as the type of data they available.

Action requested: Workgroup discussion and preparation to provide recommendations on what data the states should provide for the modeling tools to track wastewater spray irrigation loads.
- 11:20 AM **Methods to address wastewater implementation lag time** MDE
MDE will present their methods to address the wastewater implementation lag time issue.

Action requested: Workgroup participation and discussion.
- 11:50 AM **Updates** Open to the Workgroup
- 12:00 PM **Meeting Adjourned** Spano

Next meeting (tentatively face-to-face):

Tuesday, June 4th, 2013

10:00 AM – 3:00 PM

410 Severn Ave, Suite 117 (Fish Shack)

Annapolis, MD 21403

Call-in and remote participation options will be available
