- |                 |  |                                   |
|-----------------|--|-----------------------------------|
| <b>10:00 am</b> | <b>Welcome and Introductions</b>   | <i>Matt Reis, Chair, DC Water</i> |
|                 | <ul style="list-style-type: none"><li>● Roll call of participants</li><li>● Announcements from members</li></ul>   |                                   |
| <b>10:10 am</b> | <b>Mapped Sewer Service Areas and Septic Connection BMP</b>  | <i>V. Van Note, EPA</i>           |
|                 | <p>Vanessa Van Note, Watershed Technical Workgroup Coordinator, will solicit any additional feedback from the group involving mapped sewer service areas and the septic connection BMP, focusing particularly on the following questions: <i>When was the last time the mapped SSAs were updated across the watershed in CAST? How often are these SSAs updated and incorporated into CAST? Is it appropriate to remove the Septic Connection BMP from CAST (through a process called backout) under the assumption that the mapped SSAs have captured the load source change (the connection of the septic system to municipal wastewater)?</i></p> |                                   |
| <b>10:30am</b>  | <b>Update on Wastewater 2020 Progress Scenarios</b>  | <i>Jeff Sweeney, EPA</i>          |
|                 | <p>Jeff Sweeney, EPA, will provide an update on the jurisdiction's 2020 Progress Scenarios for Wastewater data.</p>  |                                   |
| <b>11:00am</b>  | <b>Future Meetings and Agenda Items</b>  | <i>Matt Reis, Chair, DC Water</i> |
|                 | <p>Matt Reis, DC Water, will lead a discussion with the group about future meetings and agenda items. He will also gauge interest from members about a presentation concerning Algae-based WW Treatment Technology/Gross-Wen Technologies.</p>   |                                   |
| <b>12:00pm</b>  | <b>Adjourn</b>   |                                   |
